- 5<sup>th</sup> Category Group N vehicles, prepared to contemporary general requirements, no use of 5<sup>th</sup> Category racing preparation exemptions allowed

The condition that the vehicle owner has sought and acquired a valid Motorsport Australia logbook is not overridden by the above, it is the entrant's responsibility to have their vehicle log booked and documented appropriately for the competition they enter.

Please note that if there is/likely to be, a greater than 130% lap time difference from fastest to slowest vehicle in the Sports Sedans & Invited races, we reserve the right to move any vehicle to a different race. We may also choose to remove either or both of the first two groups listed above, to a different race (ie if there is sufficient entries to facilitate a separate grid).

Hope this assists you to gain greater interest in the Championship.

Cheers

B
